Index to Subject Matter

Allergy and immunology:
adult asthma, diagnosis and management of outpatient 639
anaphylaxis of succinylcholine: a case report and discussion of therapy 424
hemobilia, inflammatory 14
immune deficiency — evaluation and management 249
Legionnaire's disease presenting as fulminating respiratory failure 11
plasmapheresis: a therapeutic option for treatment of selected patients 140
pneumococcal, influenza, and hepatitis type vaccines, an update on ... 69
senescent T cell: aging and the immune system 365
skin testing for penicillin allergy 500
American Medical Association:
House of Delegates, actions of 41, 393
Blood and lymphatics system:
epiglottitis: laryngospasm at intubation 9
hemobilia, inflammatory 14
senescent T cell: aging and the immune system 365
staphylococcus aureus bacteriuria associated with bacteremia 9
viral hemorrhagic fevers: medico/geographic ramifications 488
Cardiovascular system:
blood pressure in feet and inches 494
carotid disease, extracranial: noninvasive evaluation 428
carotid screening, noninvasive: correlations with angiography 627
Duchenne's muscular dystrophy: the diagnosis of cardiac involvement 115
hypertension control, a new initiative for: a successful partnership II .. 434
hypertension, geriatric: the challenge of personal physician commitment of effective management 358
hypertension, incidence, awareness, and control of: a successful partnership I 430
hypertension, perspective in: diagnosis and treatment of the elderly patient 355
percutaneous transluminal angioplasty: the treatment of stenotic or occluded iliac arteries 553
percutaneous transluminal angioplasty: the treatment of stenotic or occluded superficial femoral arteries 613
pharyngeal hemorrhage: control by transcatheter arterial embolization 53
renal scan: determination of renal function following left renal vein ligation 241
toxic shock syndrome: a review 497
transdermal nitroglycerin patches 644
venous ulcers, chronic: techniques for management 125
Case reports:
epiglottitis: laryngospasm at intubation 9
neuroma of the vaginal cuff, painful traumatic 10
staphylococcus aureus bacteriuria associated with bacteremia 9
Clinical notes:
blood pressure in feet and inches 494
Current Comment:
adult asthma, diagnosis and management of outpatient 639
ascites: a diagnostic and therapeutic approach 579
diarrhea, travelers': recent advances in prophylaxis and treatment 446
hypergastrinemia and Zollinger-Ellison syndrome 16
immune deficiency — evaluation and management 249
Lyme disease — "what's new in old Lyme?" 376
nail diseases 302
pneumococcal, influenza, and hepatitis type B vaccines, an update on renal failure, chronic 147
skin testing for penicillin allergy 500
Dermatology:
nail diseases 302
Herpes zoster: a ten-year experience with cytosine arabinoside treatment 57
Drug Information:
acyclovir 307
beta-adrenergic blockers 252
cimetidine 152
drug disposition in the elderly 380
oral contraceptives, drug interactions with 584
insulin 21
PMIs 585
starch blockers 504
sucralfate 73
transdermal nitroglycerin patches 644
trazodone 451
Emergency care:
adult asthma, diagnosis and management of outpatient 639
anaphylaxis to succinylcholine: a case report and discussion of therapy 424
artificial respiration: a new mode of utilizing high frequency positive pressure ventilation 122
tissue necrosis: cutaneous and subcutaneous damage following extravasation of methylene blue 236
Endocrine system:
hyperprolactinemia: the experience at the University of Kansas Medical Center 130
insulin 21
Endocrinology:
diabetes I: diabetic ketoacidosis 287
diabetes II: can good control prevent degenerative complications of juvenile diabetes mellitus? 291
hyperprolactinemia: the experience at the University of Kansas Medical Center 130
Environmental medicine:
chemical wastes: assessing health effects from environmental exposure 145
Family practice:
exercise training program: clinical guidelines 413
family practice challenge: the social development of children with chronic illness 143
Gastrointestinal system:
abdominal scintigraphy: locating the site of intestinal bleeding 59
ascites: a diagnostic and therapeutic approach 579
cimetidine 152
diarrhea, travelers': recent advances in prophylaxis and treatment 446
hypergastrinemia and Zollinger-Ellison syndrome 16
hemobilia, inflammatory 14
liver tumor, benign: report of a case in a newborn and review of the literature 438
rectal bleeding, minor: treatment guidelines for infants and children ... 231
nutrition and aging: assessing the nutritional status of the elderly patient 368
starch blockers 504
sucralfate 73
Genetics:
Duchenne's muscular dystrophy: the diagnosis of cardiac involvement 115
ethical context: prenatal diagnosis of cystic fibrosis and other genetic diseases 571
Geriatrics:
drug disposition in the elderly 380
hypertension, geriatric: the challenge of personal physician commitment to effective management 358
hypertension, perspective in: diagnosis and treatment of the elderly patient 355
Lyme disease — "what's new in old Lyme?" 376
nutrition and aging: assessing the nutritional status of the elderly patient 368
old age: it's not a disease 351
Quinlan, after: guidelines and the ethics of dying 371
senescent T cell: aging and the immune system 365
Geriatrics issue:
drug disposition in the elderly 380
hypertension, geriatric: the challenge of personal physician commitment to effective management 358
hypertension, perspective in: diagnosis and treatment of the elderly patient 355
Lyme disease — "what's new in old Lyme?" 376
nutrition and aging: assessing the nutritional status of the elderly patient 368
old age: it's not a disease 351
Quinlan, after: guidelines and the ethics of dying 371
senescent T cell: aging and the immune system 365
Infectious diseases:
epiglottitis: laryngospasm at intubation 9
Legionnaire's disease presenting as fulminating respiratory failure 11
staphylococcus aureus bacteriuria associated with bacteremia 9
Internal medicine
Abstracts:
Alternaria osteomyelitis of the hard palate and maxillary sinus: report of a case and a review of the literature 33
amoebic liver abscesses, multiple, in a Kansas traveler 24
anti-platelet antibodies by the ELISA, the detection of 31
atrial fibrillation, spontaneous conversion of long-standing 22
bone marrow transplantation in the treatment of acute leukemia 24
bronchoscopy in the burn patient, early 23
cardiac surgery in older patients 31
cardiobacterium hominis endocarditis occurring on a porcine mitral valve prosthesis 30
congenital pulmonary arteriovenous fistulas: clinical and angiographic findings 23
deep vein thrombosis in postoperative coronary bypass patients, detection of: an evaluation of clinical, invasive and noninvasive methods 22
digitoxin, the preferential use of, in the digitalization of patients with paroxysmal atrial fibrillation and flutter 30
discriminant functions in evaluation of red cell microcytosis, expanded use of 25

Eaton-Lambert syndrome: unusual presentation of prostatic cancer .. 26
encainide therapy in patients with supraventricular tachycardia 31
fenoprofen induced acute renal failure presenting as rapidly progressive glomerulonephritis 26
flexible sigmoidoscopy in a community hospital, experience with ... 24
geomelophagia: an unusual pica in iron deficiency anemia — case report 32
gram-negative bacteremias: analysis of factors for clinical assessment of gentamicin resistance 33
hemoglobinemia: a contributing factor to elevated MCHC 32
hemorrhage, life-threatening, due to acquired factor VIII inhibitors in non-hemophiliacs: report of a case and review of current therapies 32
hepatitis A with associated parkinsonian-like syndrome 23
hypercalcemia with encephalopathy, non-oliguric renal failure and extensive metastatic calcification in a B-cell non-Hodgkin's lymphoma 24
hyponatremia due to psychogenic polydipsia, severe 26
hypothyroidism, primary: suprasellar pituitary enlargement and regression on CT scanning 34
infectious endocarditis, usefulness of two-dimensional echocardiography in 22
intra- and extra-hepatic biliary ductal obstruction and combined immunodeficiency in a case of acute myelosclerosis 31
intrapulmonary hemorrhage, diffuse, without immune complexes of ABMA treated with plasmapheresis, prednisone, and cytoxan: presentation of two cases and a review of the literature 23
leucocyte dysfunction, correction of, by Bethanechol giving successful treatment of Hidradenitis Suppurativa 32
measles (rubella) syndrome in an adolescent, atypical 33
membranoproliferative glomerulonephropathy complicating immunologic diseases 25
metabolic acidosis, non-anion gap, complicating recovery from diabetic ketoacidosis 34
Mu heavy chain disease: report of the 23rd case 25
myelopoiesis in Legionnaire's disease, suppression of: a case report 31
percutaneous transluminal angioplasty in the ischemic limb 30
percutaneous transluminal coronary angioplasty: preliminary results 22
plasmacytic-lymphocytic lymphoma, malignant: demonstration of a serum inhibitor of myelopoiesis and response to combination chemotherapy 25
plasmapheresis in the treatment of cryoglobulinemia 34
pleural effusion, recurrent, in congestive heart failure: treatment by pleurodesis 30
polyarthritis, reactive, due to *Yersinia Enterocolitica* 34
polychondritis with glomerulonephritis, relapsing 33
polycystic kidney, analysis of the microenvironment of a human ... 26
pseudogout, systemic manifestation of 34
red cell antibody detection by the ELISA 25
ST segment depression after exercise, a proposed explanation for the development of 22
toxic shock syndrome, a case of fatal 32
toxic shock syndrome with severe multisystem involvement 33
thyroid antigen-antibody immune complex glomerulonephropathy ... 26
ventricular aneurysm, late rupture of a left 23
abdominal scintigraphy: locating the site of intestinal bleeding 59
artificial respiration: a new mode of utilizing high frequency positive pressure ventilation 122
ascites: a diagnostic and therapeutic approach 579
blood pressure in feet and inches 494
carotid screening, noninvasive: correlation with angiography 627
cimetidine 152
diabetes I: diabetic ketoacidosis 287
diabetes II: can good control prevent degenerative complications of juvenile diabetes mellitus? 291
diarrhea, travelers': recent advances in prophylaxis and treatment 446
Duchenne's muscular dystrophy: the diagnosis of cardiac involvement 115
epiglottitis: laryngospasm at intubation 9
exercise training program: clinical guidelines 413
herpes zoster: a ten-year experience with cytosine arabinoside treatment 57
hypergastrinemia and Zollinger-Ellison syndrome 16
hypertension control, a new initiative: a successful partnership II 434
hypertension, geriatric: the challenge of personal physician commitment to effective management 358
hypertension, incidence, awareness, and control of: a successful partnership I 430
hypertension, perspective in: diagnosis and treatment of the elderly patient 355
Legionnaire's disease presenting as fulminating respiratory failure 11
Lyme disease — "what's new in old Lyme?" 376
nontuberculous mycobacterial arthritis: report of a chronic case 284
Page kidney: an unusual cause of curable hypertension 420
percutaneous transluminal angioplasty: the treatment of stenotic or occluded iliac arteries 553
percutaneous transluminal angioplasty: the treatment of stenotic or occluded superficial femoral arteries 613
pharyngeal hemorrhage: control by transcatheter arterial embolization 53
pneumococcal, influenza, and hepatitis type B vaccines, an update on 69
pulmonary amyloid complications: tracheobronchial involvement in primary systemic amyloidosis 484
radiation therapy procedures: current trends in radiation therapy 55
renal failure, chronic 147
staphylococcus aureus bacteriuria associated with bacteremia 9
sucralfate 73
toxic shock syndrome: a review 497
upper airway obstruction: respiratory insufficiency in COPD 620
venous ulcers, chronic: techniques for management 125
viral hemorrhagic fevers: medico/geographic ramifications 488

Duchenne's muscular dystrophy: the diagnosis of cardiac involvement 115
Lyme disease — "what's new in old Lyme?" 376
nontuberculous mycobacteria arthritis: report of a chronic case 284
parosteal osteosarcoma: a case report and discussion 233
pelvic fractures: a ten-year assessment 558

Nervous system:
bipolar affective disorder: report of a case treated with carbamazepine (Tegretol) 418
hyperprolactinemia: the experience at the University of Kansas Medical Center 130
vulvar carcinoma: a case of DDP-induced neurotoxicity in chemotherapy 239

Neurology:
bipolar affective disorder: report of a case treated with carbamazepine (Tegretol) 418
carotid disease, extracranial: noninvasive evaluation 428
carotid screening, noninvasive: correlation with angiography 627
herpes zoster: a ten-year experience with cytosine arabinoside treatment 57
hyperprolactinemia: the experience at the University of Kansas Medical Center 130
Lyme disease — "what's new in old Lyme?" 376
malignant melanoma, metastatic: symmetrical involvement of both ureters 237
vulvar carcinoma: a case of DDP-induced neurotoxicity in chemotherapy 239

Nutrition:
nutrition and aging: assessing the nutritional status of the elderly patient 368

Obstetrics and gynecology:
DES: effects of in utero exposure 634
hyperprolactinemia: the experience at the University of Kansas Medical Center 130
neuroma of the vaginal cuff, painful traumatic 10
oral contraceptives, drug interactions with 584
ovarian cancer: recent progress in surgery and chemotherapy 128
toxic shock syndrome: a review 497
vulvar carcinoma: a case of DDP-induced neurotoxicity in chemotherapy 239

Oncology:
cancer mortality excess: evaluation in counties in Kansas 244
fluoridation and cancer: an epidemiologic appraisal 134
malignant melanoma, metastatic: symmetrical involvement of both ureters 237
parosteal osteosarcoma: a case report and discussion 233
ovarian cancer: recent progress in surgery and chemotherapy 128
prostatic carcinoma: efficacy of interstitial radiotherapy 61
prostatic carcinoma: external radiation therapy 479
prostatic carcinoma: interstitial radiation therapy 564
prostatic carcinoma: report of a case presenting with dysphagia due to Eaton-Lambert syndrome 617
thyroglossal cyst carcinoma: a case report and review of the literature 426
vulvar carcinoma: a case of DDP-induced neurotoxicity in chemotherapy 239
Wilms' tumor, bilateral: a case report and review of the literature 631

Orthopedics:
nontuberculous mycobacterial arthritis: report of a chronic case 284
parosteal osteosarcoma: a case report and discussion 233
pelvic fractures: a ten-year assessment 558

Otolaryngology:
acoustic tumors: surgical update in 42 consecutive patients 66

Pathology and laboratory medicine:
diabetes I: diabetic ketoacidosis 287
neuroma of the vaginal cuff, painful traumatic 10

Pediatrics:
diabetes II: can good control prevent degenerative complications of juvenile diabetes mellitus? 291
family practice challenge: the social development of children with chronic illness 143
